

INDUSTRIAL DESIGN STUDIO  
RUSSIA

ART UP STUDIO is leading industrial design company in Russia.

The studio offers full-cycle product development and mass production. We specialize in preparing end-to-end projects – starting with the concept and up to production launching of the finished market product, including every stage of its creation and development.

Since 2006 we have completed over 500 projects for small, medium-sized and large businesses, as well as for government-owned companies.

The company owns its own small-scale factory in Moscow and large-scale factory in China (Shenzhen).
